

# Some Professional Public Sector Clients

Delivering learning and development since 1995 we have worked in every sector. They all have one key ingredient; People.

We have partnered with hundreds of leading organisations; training and coaching their people to change behaviour, learn and apply new skills and to realise their full potential.

We motivate, encourage and enthuse with engaging, dynamic and sustainable learning, that values diversity, professionalism and performance.

## NHS | Colleges | Universities | Public Bodies | 3rd Sector | Housing

At the last count we have trained at over sixty NHS Trusts and fifty organisations in Education.
